"A short note to commend you and your colleagues for an excellent event. I am a fan of the WB/FWR organizations and pleased to have had the privilege of attending a number of events over the last 8+ years. They have all been excellent, timely and topical. I think that you and your colleagues are unique in curating events that convene really interesting people who deliver complementary knowledge, insights and observations as to critical trends in the wealth management industry. The fact that they are informing and not 'selling' is a welcome relief, particularly in this environment. The networking breaks are also a great opportunity to learn and share perspectives. My congratulations and thanks to you all!"
