Multi-entity, cloud-based financial management and accounting solutions for family offices

Sage Intacct understands the unique challenges of ultra-wealthy families and their family offices when it comes to complex wealth management. From navigating complex multi-entity consolidation to a constantly changing regulatory ecosystem, Sage Intacct's cloud-based accounting software helps family offices seamlessly manage their financial processes

and provide value to their owners by serving as a single source of truth:

- Continuous multi-entity consolidation of complex global financials
 - Reduce consolidation time from days or weeks to minutes
- Shared dimensional chart of accounts reduces churn, saves time, and boosts efficiency
 - Decrease the number of entries from 10k to 100's, and add a new entity in minutes

- Real-time dashboard analytics eliminates error-prone data and disparate spreadsheets
 - Get instant, shared access within and across entities
 - Track financial data and metrics including P&L, budget vs. plan, cash, AUM, and fair-market-value over time
- Collaborative compliance
 - Supports GAAP compliance
 - Provides a front-to-back office collaborative audit trail
