Wheels Up does not operate aircraft; FAA licensed and DOT registered air carriers participating in the program exercise full operational control of all flights offered by or arranged through Wheels Up. For on-demand flights and shuttle flights operated as scheduled service, Wheels Up acts solely as an agent for Wheels Up members and guests in arranging these flights on their behalf. For shuttle flights operated as Public Charter service, Wheels Up acts as principal in offering these flights subject to the DOT's Public Charter rules contained in 14 CFR Part 380. All aircraft owned or leased by Wheels Up are leased to the operating air carrier and are operated exclusively by that air carrier.
